

# 3018 Single Bowl Undermount Sink

## Stainless Steel

Stainless Steel is the most popular choice for today's kitchens due to its clean look and durability. The beautiful brushed satin finish helps to hide small scratches that may occur over the lifetime of the sink. Our Stainless Steel sinks are made from high quality 14, 16, 18 or 20 gauge steel. Most models are made of one piece construction that ensures the sturdiest kitchen sink you will find. Our sinks are made from 300-series stainless steel and are guaranteed not to rust or stain. Each sink is fully insulated and has a sound dampening pad. Our stainless steel sinks are backed by a limited lifetime warranty.
