SUMMARY

The ProCare: Stainless Touch Up Kit is an outstanding non-toxic restoration kit among leading professionals and general consumers. This product is perfect for light scratches and scuffs or chemical stains on small surface areas. This kit can be used on stainless steel sinks, oven hoods, grills, or any other non-coated true stainless steel surface. This product includes a bundle of all the necessary tools needed to easily and safely restore any small surface of authentic, non-coated satin or brushed stainless steel. This kit includes the following items: 2 - .25oz. Ultra Shine™ Packets, 1 - Small Yellow Handle w/Brown Reconditioning Pad, 1 - Small Blue Handle w/Grey Fine Finishing Pad, 1 - Tru-Metal Test Strip™, 1 - Microfiber Cloth, and an instruction pamphlet. Don't use this product on any coated stainless steel objects. The manufacturer is not responsible for damage resulting from misuse of this product kit.

KEEP OUT OF REACH OF CHILDREN AND PETS.

Individual results will vary.
